THE
WEST SUSSEX ANTIQUE TIMBER
COMPANY LIMITED

Why our solid oak floors are the best...
Our timber is always bought from the same supplier, therefore our quality can be guaranteed. It is air dried for 12 months and then slowly kiln dried to achieve maximum stability.

The timber is then machined into wide board long length flooring at our factory before being hand planed and laid by our craftsmen and then antiqued with our own range of oils.

This process makes us unique amongst flooring suppliers.

It is fully compatible with underfloor heating.
